

PRODUCT DATA SHEET

ultra 10W40 SN/CF code: 2010

ultra 10W40 is a high quality synthetic engine oil which has been formulated with the optimal additive technology to meet the required specifications.

SPECIFICATIONS

ultra 10W40 meets or exceeds the following specifications.

- API SN/CF
- SAE 10W40

APPLICATIONS

ultra 10W40 is suitable for modern engines designed to provide improved fuel economy, lower exhaust emissions and longer service interval between oil changes.

ultra 10W40 provides good oxidation stability and will maintain its viscosity characteristics over the service life.

ultra 10W40 contains a special additive technology which provides high protection against wear and corrosion assisting in maintaining engine cleanliness.

TYPICAL MAIN CHARACTERISTICS

CHARACTERISTICS	10W40
Specific gravity at 15 C	0.87
Viscosity at 40 C, mm ² /s (cSt)	100
Viscosity at 100 C, mm ² /s (cSt)	14
Viscosity index	140

PACKAGE SIZE 4, 20, 200 Litres

Due to continual product research and development, the information contained herein is subject to formulation change without notice.

Values stated are average values only and may vary due to manufacturing tolerances.
